This music was created when I was leader of the Mackay and District Adventurers as a result of prayer and GOD giving me this melody which I immediately sat down at the piano and played 'fixing' it in my mind. I never committed it to paper until years later when I did a copy for a friend of mine. It has come full circle now as my youngest sister heard that there was music floating around for the Adventurer pledge and law and did I know it!! I am most happy that I am able to write this out for her and any Adventurer Club in Australia who would like to use it. Happy Singing. God Bless.
